From Pastor JoVah's Teachings - Psalm 64

Psalm 64; I feel the Lord is getting so many things ready for us, things that is necessary, things that we can work at. I know there are sad things, I know there are things in the world we live in, that is not really wanted things. But we are here traveling through this world, that we might obtain the higher life; Which we are walking toward all the time, and that our stopping is not here. It is a joyous day when we shall be with the Lord together and walking the streets of life together. Knowing that we have come through the land of mortality And that we are victorious in the Lord. And we will meet the angels that are working even right now for us, the heirs of salvation. And we will see the great care they have for Jesus. This is going to be a great day, to see the angel world and how hard they're working for the Lord. And how much they **Love** Him. And they do **Love** Him. We have a tendency, because we are human, the mortal life; to look at other mortal life and respond to the physical world. But I'm here to tell you tonight, there is an angelic world. And this world of angels, that have not fallen from heaven, are working very hard for the one and the Master they **Love**. And someday, we will be part of that world. We will be as Jesus said, as the angels. And our eyes will be opened to the angel world; that we cannot behold right now. Unless God has gave you some very, great blessing to see some. But I don't hear of many becoming friends with angels and walking down the road, talking to angels. You may have a visitation, or you may see an angel, if God wills. You may have an experience. But that closeness of living together is yet to come. And we shall be part of that world. And that world already knows us and can see and realize us. But we do not have the scales off of the human eye yet, to behold the greatness of the spirit world; That surrounds us even right now. in Jesus Christ, being with us, even right now.

So, we are children of faith. We are made and created to be so, children of faith. And we walk in faith. Realizing that we do not have the evidence of the angels sitting here or the evidence of Jesus right here in the midst of us. But we know we walk by faith. And we are children of faith, and we have that reality. Whosoever has that faith and realization we know it is not the importance that we see them. But it is important for us to realize they are seeing us. And that Jesus does see us and Jesus does care. And God looks at us with a single eye. He does not look at us as man sees us, and as he sees us. He looks at us as He sees us. And it doesn't make any difference what men say, they look upon us, to God.

It makes the difference of the truth. And He sees us as we are, in His eyes. Not in the neighbor's eyes, not even in the household eyes. But in God's eyes, He sees us as we are. And so, we praise God because He is our judge. He is our Father. He is our God. He is our Master and Redeemer. He is our Savior and our Counselor. He is Everything to us. He is our very life. He is our very existence, God is **Love**. We need **Love**. We are made and created and long for **Love**. And God, Himself is **Love**. It isn't man you need and what is called that. It isn't woman you need. First of all, you need God. And people put their perspectives in the wrong place. They say, well, this one needs a man, this one needs a woman. If they are living wrong, it isn't a man or woman, that's going to save them from sin. It's going to be the Holy Ghost that saves them from sin. And God wants you and I to know the first on the agenda, first on the table of necessities, is God Almighty. We need God, God is **Love**. If you feel unloved you need more of God. If you feel that you have something lacking; you need more of God. Don't look around because maybe the sisters or brothers aren't l iving right Or maybe the pastor isn't living right Or maybe your neighbors aren't living right. Look in your own soul, are you living right? Because God will not deny you when you search for Him. We do not serve a God who cannot be found. God can be found. And if you really **Love** Him with all the heart He give you. Then He will not hide his face from you. But God can be found. If there's a lack in your life, then you should search a little harder. You should dig a little deeper. You should reach a little higher. And you should pray a lot more. Because God is there. And it's you and I that have to work and labor; sometimes through prayer, as a necessity, to reach God's throne of Glory.

Because **He predestinated us to be a praying vessel**. To be a praying people, to respond to Him, through word of prayer; that we might reach Him through prayerfulness. Not just a conversation, but prayer. For prayer shows God that we do reverence Him. Prayer life is a very special life. It is a very peculiar life to the world. But is a very necessary life to us. God does need and desire praying people, to be in the image of His Son Jesus Christ. And He is the High Priest and priest is prayer warriors. You hear about prayer warriors. Well, it isn't how long they pray. It's how sincere they are when they're praying. They can tell you about people that stayed by the phone for hours. But that isn't the thing. One can be there 10 minutes and do more, good than one has been there 24 hours. As long as that heart is in tune with God. As long as that mind its filled with Jesus Christ. As long as that soul is seeking for the welfare of Gods people. And really want a sacrificing life. Then and only then, have you got a prayer warrior. And so, Jesus said, *Don't be like the heathens are. They think that their continual asking over and over for the same thing, that they'll be heard.* But we know right now that God can be reached. And God hears our prayers. And when we pray, He's right there. It doesn't take 3, 5, 10 years. God is right there when we say, Jesus and we need Him. He's right there. But it takes you and I to say, Jesus. It takes you and I to say it from our heart. The ones that said it from their lips, in a copycat manner; they got beat up by a man that was infested with devils. And it didn't say, the devils come out and beat the man. It said, the man was driven by the devils. And that man, beat up men. Why, man against man? Because in that man, he knew that those others were just a replica and a copycat. That when they said, Jesus, it was just like clanking, those clanking symbols. It didn't have that love and the reality of the name of Jesus. But Paul had the love and the reality of the name of Jesus in his soul. And he knew and had the revelation, of who Jesus really was. And the power laid in the hands of Jesus. Just as *Peter said, Silver and gold have I none.* That isn't what makes anybody have power with God. But he said, *"What I have I shall give you. In the name of Jesus get up and walk.* Because he had the reality of Jesus. He had Jesus in his heart. He had Jesus in his soul. He had Jesus in his mind. He had his mind and body walking to the temple that day, not on money and things in this world. But he had Jesus in his heart. And he said, *(Acts 3:6) what I have, I'll give to you in the name of Jesus get up and walk.* Because he had Jesus in him. He had Jesus with him, he had the love of God burning in his lamp, in his vessel.

It takes you and I to understand God, to hang on to God, to be with God. *Psalm 64:1 Hear my voice, O God, in my prayer: preserve my life from fear of the enemy.* As one says, 'well, I had a fear of the enemy.' How many of you know, when you have a fear of the enemy? You have a fear because you know they have no fear of God. You have a fear; maybe, because you don't know what they're going to do. You have a fear, maybe, of what they will think or how they will try and destroy you with others. Oh, but it says, *64:1 Hear my voice, O God, in my prayer: preserve my life from fear of the enemy.*

Give me that preserving spirit where I will be preserved. I will not be rotted out by the fear of the enemy. I want to walk and I want to talk with all, without fear of the enemy. I want to move and have my freedom, be free from fear of the enemy, fear of the mind, fear of the heart, fear of what they will do or fear because they might fire me. Fear because they might throw me out. Fear because they might not believe me. Fear of what they might say against me. Fear of what they will do to me. O preserve my life God, preserve me, O God hear my prayer. That I will not have this ungodly fear of my enemy. God is always, being the Great God He is and knowing the little ways we have; that we can understand, has told me that preserving is, like when a woman puts that wax on top of the jelly. You know it preserves it, it keeps it, for when it's needed. And you know we need to be preserved from the enemy. Because we're going to have to be taken out someday and speak boldly in the face of the enemy. We've got to a be preserved, when that time comes and that preserving is lifted, there we are. We are fresh and bold and Holy in spirit, to be able to speak the truth, in our Savior's name and not be cringing and speak half heartily but say, Yes, I'm a Christian. Yes, I believe in the Lord Jesus Christ and my Savior. Yes, I've dedicated my life to God. Yes, I do say, Praise the Lord. Yes, I'm one of them. Hallelujah to God Almighty. You know there's a song that said, 'Is there enough evidence against you?' Some say, 'well, I think they're Christian. Some say, well, I think they're very nice people. You know, they don't cause any trouble.' But even though they might not like it, when you stand for Jesus, they know you do and you're a Christian. They know you're real. They know you're shining as a diamond and it makes a lot of difference. They may not like what you say as a person but they will respect you as a Christian.

Psalm 64:2 Hide me from the secret council of the wicked; from the insurrection of the workers of iniquity, 64:3 Who whet their tongue like a sword, Did you ever see anybody just whet that sword they're getting ready to use? They take that sword or knife and stone and they begin to work it. They begin to sharpen it, that's how their tongues are just working in there, inside their jaws. They can't hardly wait till they'll say something, to cut you down, to really stab you, into the heart. Oh, they're just whetting their tongues. Then they take that knife and wet it, then they'll put it on there and just sharp it up, that's how the enemy do. They wet their tongue like a sword. There's those who shoot their arrows. They're ready right now, they're set for iniquity. I tell you the truth in the name of the Lord Jesus Christ. Don't think this all comes on by impulse. The enemy sits and waits for their opportunity. They're whetting their tongue to say the things; they're just, oh just dying; so, as to say, to say, maybe it will kill them. Even bitter words, bitter things. You know, have you ever eaten anything that was really bitter? Did you ever suck on the lemon maybe? And maybe that bitterness it just. (whew). Well, that's how it is. The iniquity; you just go, oh, ooh, How can they be that wicked? How can they be that cruel and evil and blind? Bitter, they have bitterness in them. While they accuse you of it; They reek with it.

64:4 That they may shoot in secret at the perfect: Some said, 'well I don't have so much trouble with them people.' Maybe, you're not perfect. 'Well, no, we don't believe anyone is perfect.' Well, you probably would have so much pride. God don't want you to be holier than thou. But here in the Bible. Here in the Bible, in the Bible. You know why I say it? Because they think, 'that that woman is just the only one preaches that stuff. Or that one preacher.' Because you don't hear it very much. And what 'she says.' Well, you better start looking here in, *Psalm 64:4* is another place that it said, *That they may shoot in secret at the perfect*. It didn't say, those just trying to do right. It said this is what they do to the *perfect ones*! Did she just make that up? No, she's not just making it up. She's reading it! Well then, who should we believe all this preaching here? I guess you'll have to go to God. Because this is the Word. It's not a word made in place a word. This is the Word! 'Well, maybe God don't mean that.' Yeah, God means it. 'Well, God must not really mean that. Because we don't believe there's anyone perfect.' That's your problem. Unbelief is your problem.

So, you know you have to get rid of your problem. Because you either believe the Word, or you don't believe the Word. But don't blame it on others. When you're really letting God know, you don't believe Him. And you don't believe His Bible, and you don't believe what He said. Then at least tell it like it is. So, yes, 'it's in the Bible and I still don't believe it, and they do.' So, let's separate, as they say, men from the boys. You either believe the Bible or you don't believe the Bible. But tell it like it is. Don't go wishy, washing around. And trying and say, 'well, I don't believe what they say. And I don't believe those preachers.' Just say it. Say, I don't believe the Bible, or I do believe the Bible. But when you see it in the bible that way. That's the way it is. So, now you know, why some don't have as much trouble as others.

GOD'S UNCHANGING HAND

By: Pastor JoVah

God's hand is great
God's hand is grand
God's hand is unchanging
When it comes to man
It always there for you and me
He never fails He's always there
It's you and I that fail sometimes to understand
That he knows best and His way is supreme
God grant we live for Him
Hold to that hand

THIS POETIC PRAYER

Lord, while I'm down on my knees as I Pray, I thank You Dear Lord that You kept me throughout this day. I Pray that You continue to guide my path in every way.

I ask You Father to give me strength in the power of Your Might and teach me to walk Holy and upright.

I thank You Master for noticing my rights and correcting my wrongs, for being my friend when I feel alone.

Thank You God for Your hedge of protection, for Blessing me beyond my imagination. I Pray You protect my love ones and bring them closer to the power of Salvation through Your Son.

I Pray that You Bless Your people to show Your Compassion, to be a witness of Your Love to this hurting nation. Bless the world leaders to lead as unto Holy obligation.

I ask for those who are in need of healing, that You heal them completely and pour out Your blessings.

God thank You for Your Provisions, for Your Love, Your Mercy, Your Grace, thank You Jesus for all that You do.
I love You,

A TREE IN GOD'S FOREST

From **Overseer Isays** Wilburn's Facebook Post

As God looks over His forest, He sees a tree from the inside.
Yahweh sees you.

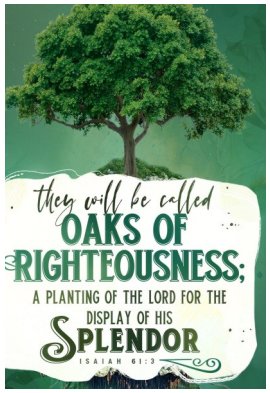

Trees are biblical symbols of people. For example,

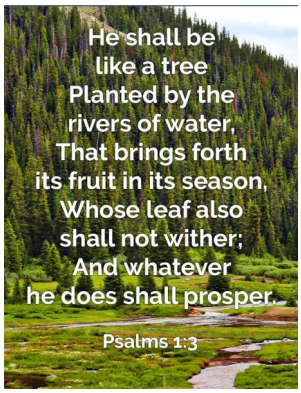

- Isaiah refers to "oaks of righteousness."
- Psalms says, "God fearing people are firmly planted trees that bear fruit."
- Matthew says, "a tree is known by its fruits."
- Matthew also says "to make a tree good and its fruit will be good or bad and its fruit will be bad."

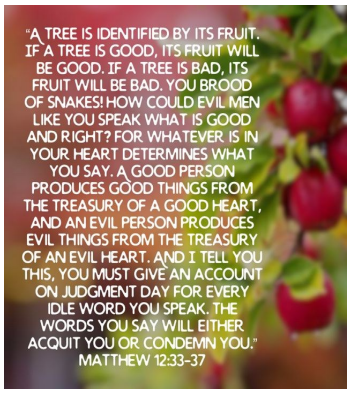

But scripture also says that "every tree that doesn't bear good fruit is cut down and thrown into the fire." And "as a tree falls so shall it lie."

According to research physical trees can be affected by,

- Wood Decay (Caused by infections that make it structurally weak.) Called internal Rot.
- Insects like termites. They often go unnoticed until significant damage has happened.
- Old Wounds. Historical injuries can create entry point for decay,

My BC TESTIMONY - by Ora

This is my BC Testimony; BC meaning Before my life in Christ, during a time when independency was my controlling factor as I lived my life by my own guideline; The guideline that I gave myself the right to do what I wanted to do AND all I wanted to do, was to party and that's exactly what I did, from dusk to dawn 4 days a week. My priorities as a mother, my job and my home life came second to partying. I convinced myself that bars and nigh clubs could heal my hurts of the past, could cure my bondage of rejection, fill my desire to be wanted, to be needed, but first and foremost, it was the source of finding that one true love. I lived that song, I looked for love in all the wrong places in too many faces. I had no motivation of clarity, I just wanted to have fun and party like a rock star and no one could tell me otherwise. I was convinced and hooked on the desire to live happy and partying was my zin, my happy place, a pulchritudinous that held my attention; a place that took me from a misconstrued realty that nobody loved me. I believed that partying had everything I needed; it minimize a disturbing melancholia, it quiet a self-destructive ideations, it provided comfort, attentiveness and extensive self-gratification. The music along was effectual, the dance droved me with it's kinetic energy, and the tequila; well let's say it had it's own place. Partying to me was like a drug, I had to go out so I can dance, mingle, drink (my DMD) the 3 had to go together and I convinced myself that I could not live without my DMD. But no mater how much I gave into the party life, my right to DMD; just like a drug when the party was over, the hurt with it's annoyance had not gone anywhere. The rejection still peaked from it's painful ugliness and the hurts of the past was still rooted, My daytime life transformed into a powerful seclusion, covering up the ugliness and it's roots, with my hypocritical smile pretending that life is alright when it was all so very wrong and so very missed functional. I made sure that nobody saw that day time pain. To know me was not to know me and love me was not, because I did not. I made excuses to stay in that BC life, even to the point of proclaiming that God knows the party in my bones, just to keep the feelings of guilt out of my life and excused myself for placing my son second. I convinced myself that I was being a responsible mother to make sure my son was with a baby sitter, that he was never home alone. Although he had a different baby sitter every weekend, I had renounced that guilt, cause he was with family and I had a big enough family to shuffle him off to the babysitters every 4 day party night. My fake mom hood responsibility closed my eyes so that I did not see just how wrong I was; my son needed me but I needed my drug more, so I continue to party every weekend, 4 days in a row from dusk to dawn, closing the party down, being the life that people like me wanted to be around.

The night I realize I was addicted to partying, was the same night I realized I could not stop on my own. I was at a usual night club that I attended and decided to go out side for moment. While I was sitting in my car taking my little break, these people stopped in front of my car arguing then began to tussle over a gun. I immediately thought I got to get out of here, when I went to start the ignition to drive off, a voice that sounded as if it came from inside the car said, "look behind you" not focusing on what I thought I just heard inside my car, I just obeyed the voice. I looked in the back of me and there was a parked car blocking my exit. I thought I'll go forward, then something said look in front of you, I looked up, I realize I parked facing the building and the people were still standing there tussling. Sitting there puzzling my brain, which seemed like hours, I tried to figure out how was I going to get away from what was happening right in front of me, I looked to my left and there was a car parked next to me and to my right was what seemed to be the biggest garbage dumpster I had every seen. Then the voice said to me, while I'm literally looking at these people tussling over this gun. "You are trapped on all sides, and you only have one way out, what are you going to do?" I than spoke loudly and said, "God help me" and before I finish speaking, everything move out of my way, seeming like they all moved at the same time, the car behind me, the one on the side and even the people who were arguing went away. I sat there in disbelief as to what just happened, did I just imagine all that, was there people there, were there even cars there, and that garbage dumpster is not that big. I was convinced my mind was playing tricks on me, so I went back into the night club and closed the party down.

Upon reflection of that night I realize God taught me, that the only way that I can be set free from that trap; I had to follow Jesus. It was clear to me that I had to release that counterfeit life, give up the DMD which I did. Although it was easy to stop going out to the bars and night clubs, after I accepted Jesus as my Savior, it wasn't so easy giving up the secular music, until Jesus shared with me through a friend, that God has beautiful music, that I did not have to give up my enjoyment for music, just change the message of the song. She invited me to attend her community choir practice, so I can hear true message in music. I joined that Choir and sang with the Echoes of Christ for over 20 years. I never thought being in a Choir and Christian music could help me grow in the Lord. God even replace my joy of dancing to give Him glory. He laid it on my heart to go to my Pastor about having a Praise Dance Team, and out of fear of rejection I did not go to him about it. BUT God plans are not like ours. My Pastor came to me and told me that God wanted a Praise Dance Team during services and I was asked to lead this team. Everything I gave up to follow Christ was giving back to me with such pulchritude, I awe of His goodness. Giving up that life was enrichment, it saved my soul, gave me new life. I revel in giving up the DMD for I gained true Love in **G O D**. After both knee surgeries, I figured I would never dance for the Lord again. One Thursday morning, driving, thinking how much I missed dancing for the Lord. I said to myself; My knees are better, I'll just dance around the house. That same night before service, Overseer Isays shared with me the vision for the Jewish celebration and the opportunity to participate in a dance for the Lord if I wanted too; I guess that's what she said, I really don't know, I was so amazed that we here having the conversation, when just that morning dancing was on my mind. I'm in so much wonderment of Jesus, He amazes me, He gives us the desires of our heart before we ask or even think.
